

The Coffee County Commission met in regular session on Tuesday, Sept. 24, at the Courthouse in Elba, with all members present. Present were Commissioners Gilman Grant, Rex Bowditch, Jack Horsely, Don Smith, Max Reeves and Bennie C. Beckham, along with Probate Judge James L. Sawyer, Clerk Bruceus Winston and Engineer Leslie Mullins.

The first order of business was to open bids on pest control service for 11 County buildings. Bids were from Walter Pest Control, \$88.50 per month, and Rex Bradshaw \$90.00 per month. The commission accepted the low bid.

Sheriff Pete Paul addressed the group and told of a recent jail inspection by State Fire Marshall. The Fire Marshall said the following items were noted: 1) fire drills be conducted at least quarterly, 2) the booking and holding rooms be separated from the main floor by installing a solid core fire door, and 3) the kitchen be installed with a fire conduit, 3) purchase new smoke detectors that will be replaced annually.

Also stated that Dep. Bobby Whigham had suffered a heart attack and was hospitalized.

Forestry Agent Wayne Roberts met with the commission and stated, "The present budget for the Forestry Dept. is inadequate to provide needed fire protection in Coffee County. If the county's allotment isn't raised, we will lose one man and that means the county will have only a one-man fire-fighting crew to cover over 270,000 acres."

The commission budgeted \$6,120 for the Forestry Dept. and the 2-man crew "he" while to have a 2-man crew "he" allotment must total a minimum of \$13,000. Comm. Bennie Beckham mentioned the possibility of placing a tax of 5¢ cent per acre on additional owners to provide additional funds, but no action was taken.

But, Bud Tindol, County Landfill Manager, said the State Health Dept. had indicated him to bury garbage at night at the landfill. This order came following numerous complaints of a foul odor at the landfill, and the court stated the matter should not be allowed to infiltrate the community of New Brocton. Tindol also reported the need for one additional man to work at the landfill, and was told to find a CETA worker.

The commission approved several A-95 reviews (request for Federal funds), which included \$40,102 for continuation of services at the Girl's Detention Home, \$99,812 to keep South Alabama Youth Services in existence, \$55,660 to keep up Boy's Group Detention Home, and \$151,993 to continue services offered at Region 7 Diversion Center.

Comm. Clerk Bruceus Winston reported over \$1,000 in back legal fees had been received for Indigent Cases, and was told to change all clerical CETA slots to laborers.

County Engineer Leslie Mullins told the commission: "The Hwy. Dept. needs a \$100,000 grant to get the pile-ups in District 3 (told to borrow one from Pike County); to get the sand mix to patch County Road 30 from the low bidder; to get bids on 2,000 tons of stone for road-

work in the winter (approved); will keep 500 tons in each District; ***be wanted to set 50-75 old batteries taking up room at the station; ***the Sheriff's Dept. and State Troopers wanted to install gas tanks at the county

shop; ***and, reported a 1966 Buick-Dodge was in need of repairs at

cost of over \$10,000. The commission met in Enterprise for the next 3 months, at 10:00, at the courthouse annex.

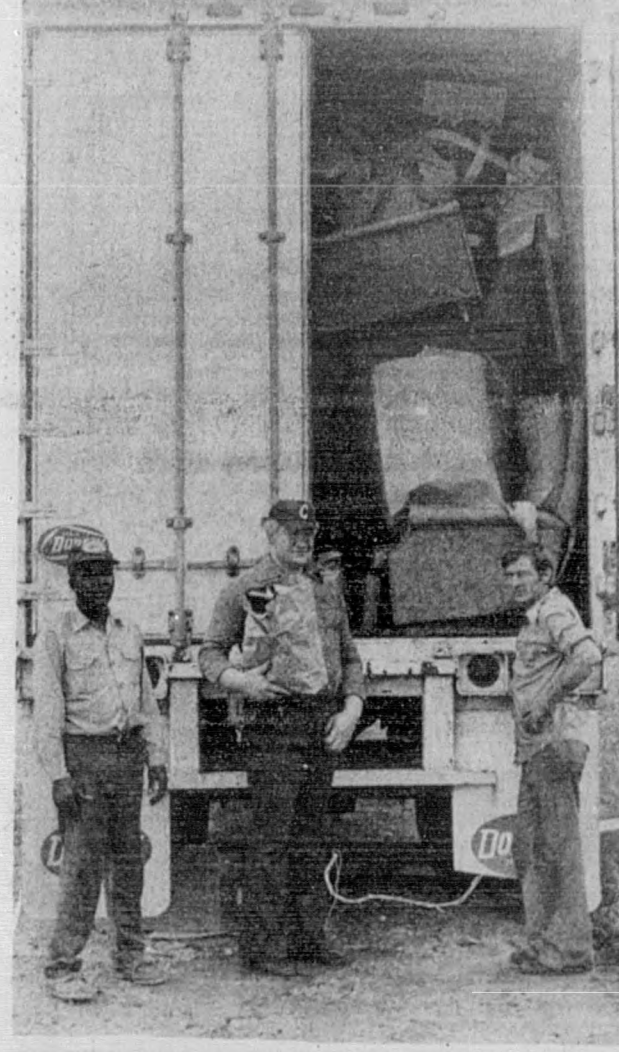

Help for victims of Hurricane Frederic was quickly given after Governor Fob James went on statewide television to appeal for donations of food, clothing, etc. The first load to leave was collected by the City of Elba. They took their first to a central collection in Montgomery. The amount of the donated goods exceeds \$2500.

The National Guard was designated by Governor James as a collection point for food, and it was transported to Montgomery.

The City of Elba collected a trailer-truck load of furniture and clothing that was taken to Montgomery. The trailer-truck. This truck couldn't hold all the donations and a city pickup tag-along along with the overflow.

Area churches collected tons of food and clothing that was donated to those in Mobile area who had been without for two weeks.

The Elba placed the side of the big tractor-trailer sponsored by the City of Elba read, "A trailer load from the people of Elba."

Report Reveals Courthouse Is Unsafe

Deputy State Fire Marshal James Waddell inspected the Coffee County Courthouse in Athens, Ga., as requested by the Elba Grand Jury, and reported the building failed to meet minimum fire codes and regulations.

The report stated, "The Coffee County Courthouse, 1905. Considering its age, the building has remained sound and sturdy. It has many features that do not meet Code requirements of today. The building is in poor condition which was observed by this inspector was the lack of exit marking and egress-direction signs to exit the building in case of an emergency. Persons unfamiliar with the building would be hard pressed to find their way out should a panic situation occur. The following recommendations are submitted as a minimum for the fire safety in the public interest, although a financial hardship may be involved by the cost to find them:

- a. Sufficient number of A-B-C type fire extinguishers should be installed in the building to cover travel distance to reach extinguisher does not exceed 75 feet.
- b. Those areas of the boards and window sills which are deteriorated be replaced. Deteriorated wood easily ignited by small fires and can spread rapidly.
- c. Loose records and books of Elba County should be corrected.

**Probe Judge Jay Sav-
er** reminds residents that var-
ious emergencies are due in the
near future.

State and county business
closures expire September 23
with the month of October to
renew. Everyone is asked to
bring the old license.

Hunting, fishing and ve-
hicle licenses will need to be
renewed.

During the upcoming li-
cense season, the **Probate
Office** will be closed. **Collector's**
office will be open
from the week from 8 - 5
including on **Saturday mornings** from 8
- 11. **Probate Office** will be open
October 1 - November 15.

The **Life Safety Code** to func-
tion in the event of failure of
mechanical systems.

3. The unvented gas space
heaters are a health hazard as
they are not designed for use in
heaters (21 in all) should be
replaced with an approved
vented gas heating system in-
vented with automatic safety con-
trols.

Sufficient electrical wall
receptacles should be provided
for the use of the fire alarm
control cords which were
served in use every office in
the building.

5. Exposed electrical wiring
should be protected by in-
stalling conduit and
wiring on the lighting circuit in

the vault. Fire involving the
vault is a serious problem and
difficult to combat by local
fire departments.

**Days To
Register To
Announced**

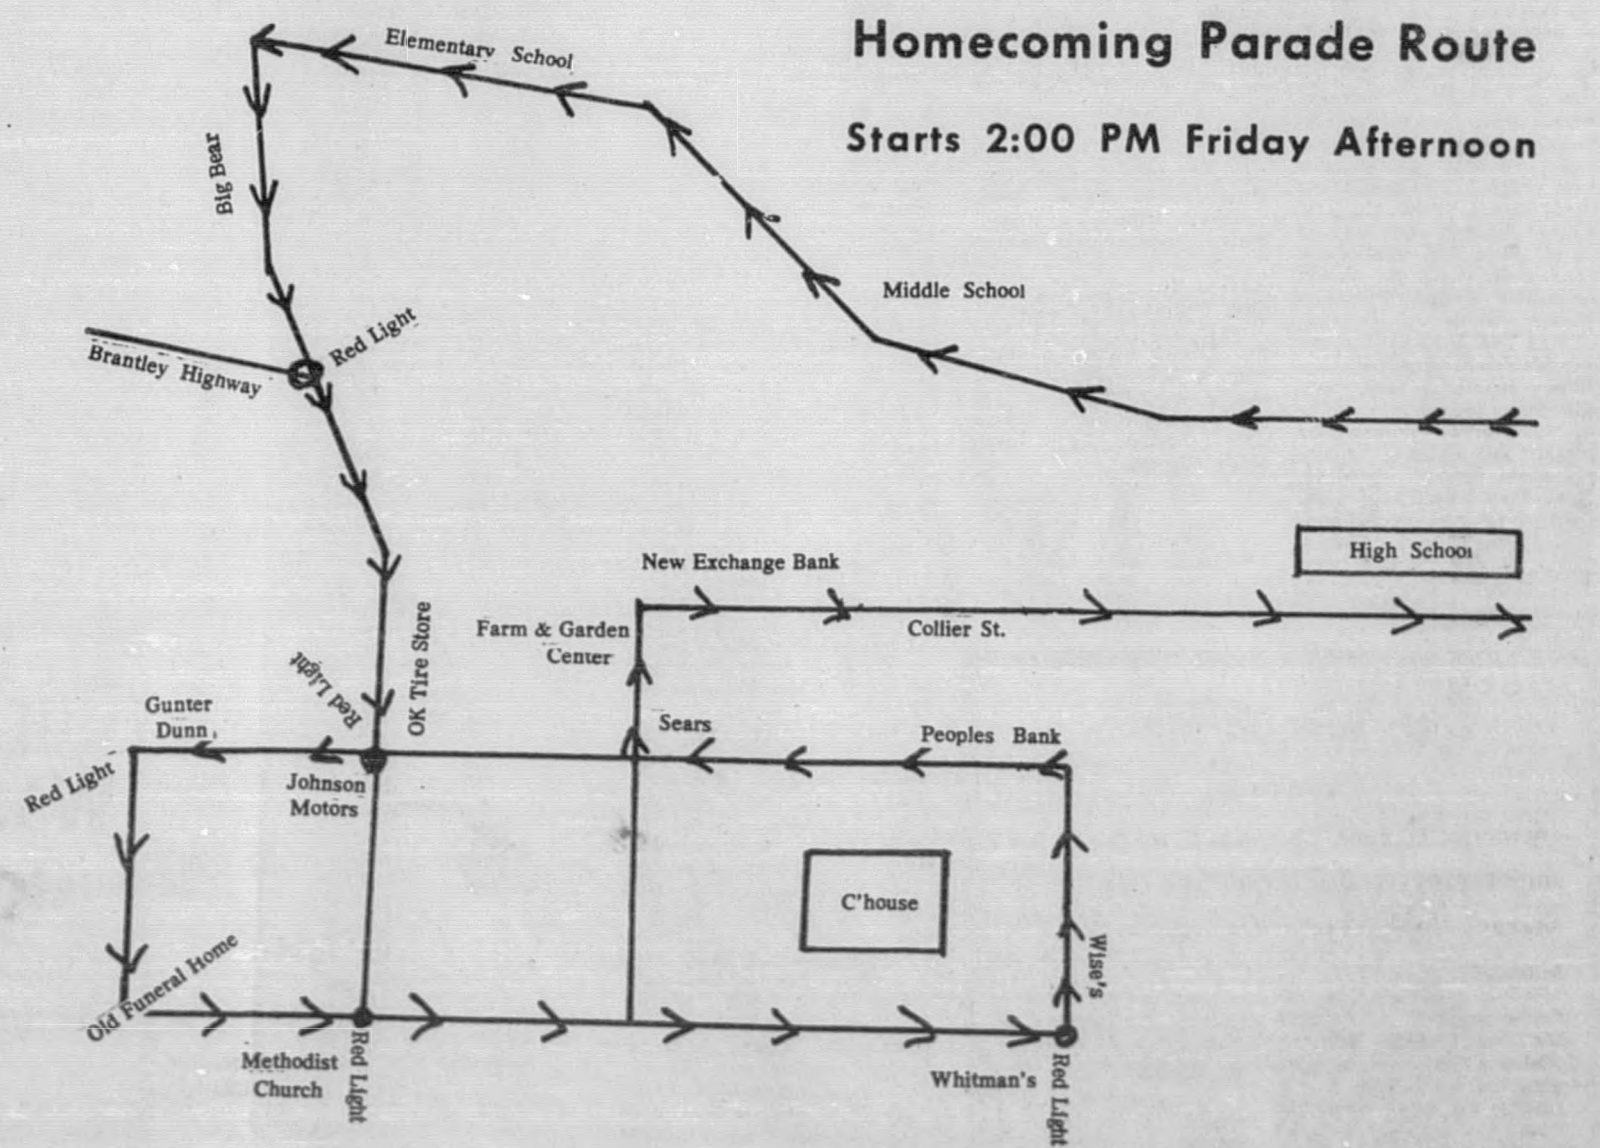

Registration days at all
will be October 1, 4, 8
and 8 at Enterprise, 9, 10,
12, and 15.

At the Probate Office in
Stills 4 at the courthouse
and at the courthouse

CONTINUED ON PAGE 2

Registration days at Elba will be October 1, 2, 3, 4, 5, and 8 at Enterprise 9, 10, 11, 12, 15, and 16.

Hours to register are from 9 till 4 at the courthouse annex in Elba and at the courthouse in Enterprise.

Starts 2:00 PM Friday Afternoon

A one car accident early Saturday morning hospitalized Randy Grimes and totally demolished his late model Chevrolet.

Grimes was apparently alone when the car hit Two Mile Bridge, just South of Brookdale, on the Kingston Highway at 4:15 a.m. It appeared to police officers at the scene that Grimes was traveling South, the car left the road on the right in the curve, pulled back onto the highway and went into a spin, with the drivers side striking the right bridge railing. The driver was thrown from the car and was found in the creek with his head on the bank when residents of the area arrived after the hearing. Grimes was rushed to the Elba General Hospital by the Elba Rescue Squad and later transferred to an Enterprise hospital by the same unit.

BRAINSTORMS

WITH FERRIN COX

1979-80 ELBA CLUBS

We were interested to see how Jimmy Carter handled the bill that included a section allowing money to complete the Tellico Dam in Tennessee. Now this is the one they stopped when it was 90% complete because of a little fish. Anyway Carter did sign the bill and gave a long list of reasons. We don't know anything about the Little Tennessee River or the value of a big dam stopping it up, but we do scoff at holding up 100 million dollars for a little fish. We don't know anything about the value of a big dam stopping it up, but we do scoff at holding up 100 million dollars for a little fish. We don't know anything about the value of a big dam stopping it up, but we do scoff at holding up 100 million dollars for a little fish.

The hurricane that hit Mobile is still in the news. We had read so much about Mobile being destroyed. It is surprising to hear of those who didn't even have their TV sets disrupted (City jail). One of our Mobile suppliers also makes rubber stamps wholesale and this week we received a reminder that they were still in business. It said, "Hurricane Frederic didn't STAMP us out." We got the message.

Tuesday morning we got the grand tour of the building soon to house the Café Bonaparte. The manager is already living in Elba and showed us through the building. He pointed out the location for the stoves, sinks, fancy private rooms, and even the location for the extra coffee pots. It was a little hard for me to realize that the former location of the National Security printing press will now be a huge refrigerator, but it is fact.

Billy Jerigan finally came back to work at the Piggly Wiggly after back surgery, etc. Then we walk in on Tuesday to pick up the grocery and he is gone to a meeting. However during those weeks he was gone, his helpers made the decisions, so they just did it again this week.

One more comment about our recent weekend at the beach. Saturday morning the family trooped into a restaurant for breakfast and all ordered the same thing, hotcakes and meat. This is all except me and I added one egg to my order. The egg cost me eighty cents. It was hard to eat and look out the window and see a grocery store across the street selling a whole dozen eggs for 79 cents. We moan and groan about high prices, but I guess we should feel lucky we have the money to spend.

There were some anxious minutes Friday night when doctors attended to the injured Elba football player. During the ordeal I spoke to a friend who is also a football player. He said that the doctor would like to play the game if it would allow him to get up unhurt. We like that attitude—we know he meant it, and came home relieved after visiting the hospital and discovering the injury was not permanent.

I've been thinking lately, which is always a calamity, which is always a calamity. I really do believe that to throw away a life is about the hardest thing to do in one's life.

In the beginning there are the small things, like flipping something from your finger tips, but not life, it clings like the cellophane from a package of cigarettes. Then you get bolder, would be my guess, and walk right over to the waste basket and start dropping bits of you in, but, before you can get back to your chair to mull over this, each is sliding back on its belly, like a beleaguered cur.

As time goes on it becomes, I would imagine, some-

Mu Alpha Theta Meets

President, Jay Harper, explains the rules of the math game to be played.

PSAT/NMSQT Exam
Planned For October 23

Elba High School has announced that sophomores, junior and some seniors will be able to join over one million other students around the world in taking the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) this fall. The test, co-sponsored by the College Board and National Merit Scholarship Corporation, is an important step in making college plans.

Scheduled for October 23 at Elba High School, the PSAT/NMSQT measures verbal and mathematical aptitude and abilities important in doing college work and gives students a chance to find out what the Scholastic Aptitude Test (SAT) is like.

By taking the PSAT/NMSQT, students can enter the competition for scholarships administered by the National Merit Scholarship Corporation and also to participate in the College Board's Student Search Service, which gives students an opportunity to hear from colleges that they might not otherwise know of.

With their score reports, students receive a copy of ABOUT YOUR PSAT/NMSQT SCORES, a booklet that contains valuable how-to information about estimating SAT scores, finding out where to get and how to use detailed information about colleges and financial aid, and planning for the future.

In addition, students can use the College Board's Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) to compare their scores with those of enrolled students at more than 2,400 colleges and universities.

In addition, students can use the College Board's Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) to compare their scores with those of enrolled students at more than 2,400 colleges and universities.

Scheduled for October 23 at Elba High School, the PSAT/NMSQT measures verbal and mathematical aptitude and abilities important in doing college work and gives students a chance to find out what the Scholastic Aptitude Test (SAT) is like.

By taking the PSAT/NMSQT, students can enter the competition for scholarships administered by the National Merit Scholarship Corporation and also to participate in the College Board's Student Search Service, which gives students an opportunity to hear from colleges that they might not otherwise know of.

With their score reports, students receive a copy of ABOUT YOUR PSAT/NMSQT SCORES, a booklet that contains valuable how-to information about estimating SAT scores, finding out where to get and how to use detailed information about colleges and financial aid, and planning for the future.

Elementary
School Menus

Oct 1-5, 1979

MONDAY
Blackeye Peas
Corn dogs
French fries
Cobbler Pies-Milk

TUESDAY

Chili w/crackers
Toasted cheese sandwich
1/2 orange
Milk-Cin. rolls

WEDNESDAY

Fried Chicken
Creamed potatoes & gravy
English Peas
Jello-Milk

THURSDAY

Hamburger w/onion and dill
French fries
Baked Beans
Donuts-Milk

FRIDAY

Tuna salad w/crackers
Buttered corn
Butter beans
Lemon cheese cake-Milk

Breakfast

MONDAY

Cin. Toast
Slice fried corn
Peach-Milk

TUESDAY

Toast and Eggs
Jelly-sausage
Milk-juice

WEDNESDAY

Cereal
Juice-milk

THURSDAY

Cheddar toast
Banana
Milk

FRIDAY

Honey Buns
Juice-milk

Air Force News

Airman First Class Michael E. Sansom, son of Mr. and Mrs. Franklin E. Sansom of Kinston, AL, has arrived for duty at Luke Air Force Base.

Airman Sansom, an aircraft armament systems specialist, was previously assigned to Lowry Air Force Base, Colo., and is now serving with a unit of Tactical Air Command.

The airman is a 1973 graduate of Kinston High School. His wife, Vicki, is a retired school teacher and by the time she was six years of age, she had lost both her parents.

Mr. Moody has been a farmer and a barber, and Mrs. Moody has always been a wife, mother and homemaker.

As stated earlier, Mr. Moody is the patriarch of seven children.

Mr. Moody's parents were John Lemuel and Mary Frances Hobbs Moody, both of whom are now deceased. They were Ella Green, Sanford, Ala. Fair McVay, Andalusia; Ethel Brooks, who was a nurse; and Gertrude Jordan Moody, who was a teacher; and Walter L. Moody, who was a minister and barber in Elba for many years until his death.

From a third daughter, Jonnie Morgan, came these glowing words of praise: "He's a great guy! A fantastic fellow! I remember a little about Daddy and I always played with him. He was a chair and I'd climb onto his lap and sit. He'd stand me down on the floor on one side and the other side of the chair and climb back onto his lap."

Another daughter, Laura Hubbell, had this to say about her father: "Daddy was always taught us to do unto others as we'd have others do unto us. He always lived the Golden Rule, not just simply SAY IT."

From a third daughter, Jonnie Morgan, came these glowing words of praise: "He's a great guy! A fantastic fellow! I remember a little about Daddy and I always played with him. June Smith
Weds Donald
Ray Duncan

The wedding of Donald Ray Duncan and June Smith took place on Saturday, September 8, 1979, at the home of the groom.

The bride is the daughter of Mr. and Mrs. Bill Granger of Opel. The groom is the son of Mr. and Mrs. Roy Duncan of Elba.

The simple ceremony was performed by Rev. Dewey Davis.

Ring bearers were Tony and Tammy Adcock of Elba.

The bride had a large two-layer tiered cake. For the wedding, she chose a plain white cotton dress. The groom was dressed in light blue shirt and pants.

The refreshment table was covered with a yellow cloth, and held cake, cookies and punch. The house was decorated in yellow and brown for the occasion.

The couple plans a honeymoon trip to Killean, Texas.

Close friends and relatives that attended were: Mr. and Mrs. Chick Adcock and children, Tony and Tammy, Linda Houston and Allen Tinker, Charlotte Davis and son, Mr. and Mrs. Charles W. Davis, Bill and Mavis Granger, Mr. and Mrs. James A. Capps and daughter, Mr. and Mrs. Randolph Beck and children, Mr. Jerry Duncan, Teresa Maddox, Mr. and Mrs. Tim Cook, Carolyn Bryan and children, Tabatha and Chad Houston. Also attending was Lawyer Gareth Lindsey of Elba.

There will be a bridal shower for Mrs. Duncan on Saturday, September 29, from 2:00 - 4:00 p.m.

Hostesses with Mrs. Reeves were: Messrs Marvin McIlwain, James Martin, Edwin Hornsby, John G. Lee, James T. Brock, Grady Thomas, Richard McLeod, Donald Bryan, Jerry

Reeves. The refreshment table was covered with a yellow linen cloth, and an off-white hand-crocheted overlay. Punch, nuts, petit fours and sandwiches were served.

Approximately 21 guests registered.

Eric Nelson celebrated his fourth birthday Saturday, September 15, at the home of his grandmother, Mrs. Doris Doster. He had a Bugs Bunny cake with all the trimmings.

Those helping Eric celebrate were: Laurie Doster, his father, Terry Nelson, and Granny Nelson, Mr. and Mrs. Larry Doster, his great grandmother and grandfather, Mr. and Mrs. V.C. Mobley, Mrs. Zella Mobley and Brannon, Mrs. Dwayne Thomas and Ashley, Toby Wambles, Mrs. Bobbie Flowers, Mrs. Sharon Turner and daughter, April, Mrs. Judy Powers and Bridgett, Mrs. Wayne Nelson, Stewart and Stephanie, Mrs. Paul Nelson and Shey, Melanie Cape, Heath Bragg, Mrs. Edna Mobley and Sharon, Mrs. Virginia Allen, and Samella Green.

Everyone enjoyed refreshments of cake, ice cream, chips and Pepsi Cola. All the children received party favors.

The bride is the daughter of Donald and Deloris Hayes of Southport, FL. His maternal grandparents are Mr. and Mrs. Ewell Blanton of Jack, AL. His paternal grandparents are Mrs. Ruth Hayes and the late Mr. Funston Hayes of Enterprise, AL. Immediately following the ceremony a reception was held in the Southport Community Center.

The couple are making their home in Southport, FL.

Cut-A-Thon Benefit To Be Held

A Cut-A-Thon, sponsored by Nancy's Hair Happenings in New Brockton, will be held on Saturday, September 29, for the New Brockton Rescue Squad. All haircuts at Nancy's salon will be for a \$5.00 donation to the Rescue Squad.

Free door prizes will be given for every fifth haircut. Call 894-6186 for an appointment; or walk-ins are also welcome.

Nancy's is located on Highway 122 north, on the right, just past the New Brockton Cemetery.

Also, a bake sale for the Rescue Squad will be held at Nancy's throughout the day.

Miss Boutwell & Mrs. Reeves

Miss Boutwell Honored With Bridal Shower

Miss Cindy Boutwell, bride-elect of Mr. Larry Reeves, was honored with a miscellaneous bridal shower on Saturday afternoon, September 15, from 4 - 5:30 in the afternoon in the home of Mrs. Evelyn Reeves.

Hostesses with Mrs. Reeves were: Messrs Marvin McIlwain, James Martin, Edwin Hornsby, John G. Lee, James T. Brock, Grady Thomas, Richard McLeod, Donald Bryan, Jerry

Reeves. The refreshment table was covered with a yellow linen cloth, and an off-white hand-crocheted overlay. Punch, nuts, petit fours and sandwiches were served.

Elba Nursing Home To Have Bazaar

Elba Nursing Home residents and activity staff announce plans for their annual bazaar to be held Saturday, Nov. 3, 1979.

This will mark the 6th year this project has been an event at the nursing home. Throughout the year residents have been busy each weekday morning planning and preparing articles to be sold.

Available at this year's sale will be the two favorites—quilts and yoyo dolls—along with household goods such as: wall decorations, macrame hangers, refrigerator decorations, bathroom decanters, hot mats, tote bags, wooden candle holders, "doll" napkin holders, etc.

In addition to the benefits received, residents who assist in preparing the articles receive a feeling of accomplishment of having completed a task—a task which strengthens the body and mind, and makes an otherwise long morning pass quickly.

Make plans to visit residents at the nursing home on this date and view the items for sale.

Coffee County Vocational Center Serves Needs Of Students

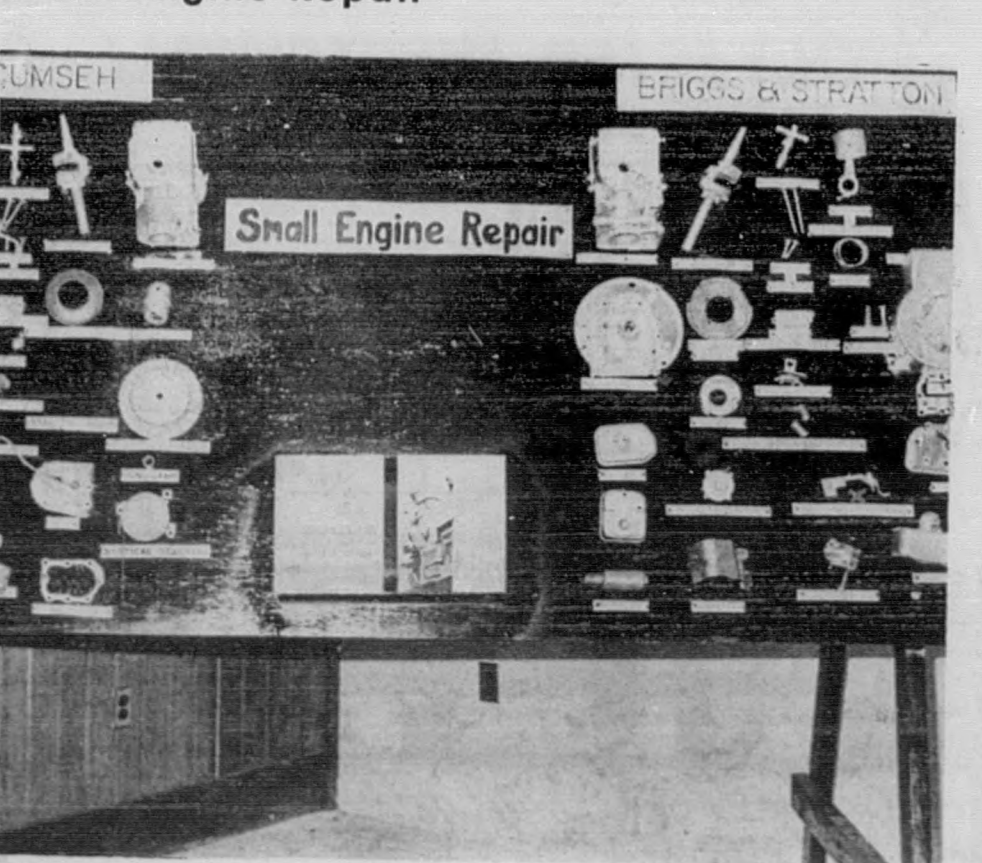

Building Construction

Health Occupations

Small Engine Repair

Small Engine Display

The Coffee County Area Vocational Center, located on the campus of New Brockton High School, opened its doors this September to approximately 140 students from the Coffee County School System. Included in the program are juniors and seniors from New Brockton (70), Zion Chapel (50) and Kinston (20).

The program serves the entire school system," reported Director Roger Bowden, with students from New Brockton taking part in the morning, and the other students coming in by bus in the afternoon. All the courses are two-year programs, with class size limited to 20 students. The classes last for three hours daily, and the students receive 3 credits.

The center, built with 90% state and federal funding, is a beautiful structure with spacious rooms that allow for excellent educational environment. Each room has an adjoining lab, where actual working conditions are simulated.

"We expect to get a better response from the other schools next year," added Bowden, "and next year we hope to get the students involved in actual on-the-job training. We will add other units as needed and we do have an advisory panel to make reports on courses they feel need to be added. We have plans to add a night program for adults, if additional funds become available. This program will get bigger."

In addition to the courses taught at the center in New Brockton, Agriculture and Home Economics are taught at both Kinston and Zion Chapel, and Home Economics is taught separately at New Brockton.

The courses taught at the Vocational Center include Health Occupations, Cosmetology, Small Engine Repair, Business and Office Education and Building Construction and Woodwork.

Health Occupations Education is taught by Mr. Curtis Frazier, who has a Masters degree in Biology, and is certified in Health Occupations Education. Health Occupations is a two-year course designed to prepare students for a variety of health care careers. Instruction is organized to develop occupational skills in students. These skills include assisting qualified personnel in providing diagnostic, therapeutic, preventive, restorative and rehabilitative service to patients. The first year of the course covers Introduction to Course, Health Care Unit, Levels of Preparation of Health Personnel, Survey of Health Careers, Interrelationship of

In Building Construction, the teacher is Mr. Warren Pies, who is certified by the State Department of Education. This course is designed for high school juniors and seniors who wish to develop skills in the area of building construction. Students receive training in the use of a variety of hand and power tools and the

Health Care Workers, Schools and Training Centers, Choosing a Career and Succeeding at Work, First Aid and Personal Safety and HOE Club activities. The second year of the program deals more with actual medical practice.

Cosmetology is taught by Mrs. Betty Tucker, a licensed cosmetologist. This two-year course is designed to prepare the student to pass the Alabama Board of Cosmetology examination and work in a professional salon. The first year of study deals with the basics of the profession, including hair styling, hair shaping, permanent waving, chemical relaxing and hair coloring. The second year of study involves the use of these basics in advanced procedures.

Teaching the Small Engine Repair Course is Mr. Edgar Smith, who has a degree in Small Engine Repair, has 20 years of job experience and formerly taught at Wallace Community College in Dothan.

The two-year course is designed to prepare the students with the necessary knowledge and shop practices required for employment in the small engine repair industry. The first year of the course emphasizes training on lawn mowers, chain saws, outboard motors and similar small engine powered equipment. The second year puts an emphasis on motorcycle and automobile motors, and reviews the first year's teachings.

The Business and Office Education course is taught by Mrs. Verneette Maddox, a teacher in the county school system for many years. The course is designed for students who are pursuing a career in office work. Successful graduates should be ready for employment as file clerks, office machine operators, general office clerks, accounting clerks, bank clerks, or stenographic and secretarial-related occupations. If post-secondary work is desired, this program provides the basics. The first year of the course is offered to 11th grade students who are planning a career in office work, while the second year concentrates on the skills learned in the first year of study. Study is concentrated on typewriting, communications, basic math, shorthand, office machines and clerical procedure.

The first year of the course emphasizes training on lawn mowers, chain saws, outboard motors and similar small engine powered equipment. The second year puts an emphasis on motorcycle and automobile motors, and reviews the first year's teachings.

The Business and Office Education course is taught by Mrs. Verneette Maddox, a teacher in the county school system for many years. The course is designed for students who are pursuing a career in office work. Successful graduates should be ready for employment as file clerks, office machine operators, general office clerks, accounting clerks, bank clerks, or stenographic and secretarial-related occupations. If post-secondary work is desired, this program provides the basics. The first year of the course is offered to 11th grade students who are planning a career in office work, while the second year concentrates on the skills learned in the first year of study. Study is concentrated on typewriting, communications, basic math, shorthand, office machines and clerical procedure.

In Building Construction, the teacher is Mr. Warren Pies, who is certified by the State Department of Education. This course is designed for high school juniors and seniors who wish to develop skills in the area of building construction. Students receive training in the use of a variety of hand and power tools and the

Health Care Workers, Schools and Training Centers, Choosing a Career and Succeeding at Work, First Aid and Personal Safety and HOE Club activities. The second year of the program deals more with actual medical practice.

Cosmetology is taught by Mrs. Betty Tucker, a licensed cosmetologist. This two-year course is designed to prepare the student to pass the Alabama Board of Cosmetology examination and work in a professional salon. The first year of study deals with the basics of the profession, including hair styling, hair shaping, permanent waving, chemical relaxing and hair coloring. The second year of study involves the use of these basics in advanced procedures.

Teaching the Small Engine Repair Course is Mr. Edgar Smith, who has a degree in Small Engine Repair, has 20 years of job experience and formerly taught at Wallace Community College in Dothan.

The two-year course is designed to prepare the students with the necessary knowledge and shop practices required for employment in the small engine repair industry. The first year of the course emphasizes training on lawn mowers, chain saws, outboard motors and similar small engine powered equipment. The second year puts an emphasis on motorcycle and automobile motors, and reviews the first year's teachings.

By: Ricky Mulare Sports Editor

Well, I guess it had to happen sooner or later! Elba's 8-game winning streak came to an end last week in Opp, and although the Bobcats did have a good team, it was our own mistakes that did us in.

On offense, Don Horstead had a super night running the ball with 157 yards in 22 carries, and Alan King made two big plays in the game that pulled us into a tie. However, we lost a fumble on the goal-line that prevented a sure touchdown and also lost a fumble on our own 37-yard line to set up an Opp score.

Defensively, Bobby Hall had a big interception return for a touchdown, and we had many big plays. However, we missed a lot of tackles and made some mistakes that allowed Opp to gain big yardage.

We didn't have a good game, but we didn't quit and almost pulled out a win! Our players now realize that unless they do their best, we can be beat. I'm looking for our team to regroup and dedicate themselves to winning the rest of the games - one game at a time! I also expect the fans to stay behind the team and cheer louder than ever at Friday's game. Come on, folks, let 'em hear ya!

I have been picking New Brockton to lose all season, and have missed them every time. So, last week I picked 'em to lose again, and went to Dothan to watch 'em play. (I honestly hope the lifeline friends, and my predictions are just how I feel the games will turn out.) Anyway, in the first half I was on the sidelines and Brockton was behind 6-0. At the half I went up in the stands, and they came back and won 7-6. I guess from now on, I'll just pick 'em and stay at home!

Last week was an interesting week in prep football with some upsets and near upsets. Let's see what I jotted down . . .

***Andalusia found out the people in Nicellville weren't so nice, as they lost 14-7.

***Brundidge made it two straight wins with a 13-0 blanking of Greenville. The Dogs are 2-2 and looking better.

***Jeff Davis walked into Tuskegee looking for a big win, and left smiling with a slim 7-0 victory.

***Kinston took out 3 weeks of hard times on Freeport as they rolled to a 55-38 win; and

***Sweetwater knocked off Thomasville to remain the dominating force in Class A.

Alabama rolled to a lopsided 45-0 win over Baylor, and Elba's Russ Wood got to play almost the entire final quarter. Russ did real well and could very well see even more action in the weeks to come.

Ye ole Polish Prognosticator hit on 14 of 19 picks last week, and blamed the 5 misses on inter-Galactic fog which caused the crystal ball to be out of focus. This week the reception is a little better and I'm looking for a good week! Here goes . . .

ELBA vs. DALE COUNTY
It's homecoming at Elba High, but the players' spirits are down after last week's loss to Opp. Maybe the Tigers will feel better after a big homecoming win!

Elba 26 Dale County 16

NEW BROCKTON vs. DOZIER
The Gamecocks are also celebrating homecoming, and have a right to be nappy after 4 straight wins. However, Dozier is a lot better than a lot of people think, and they could catch Brockton off guard!

Dozier 14 New Brockton 12

ZION CHAPEL vs. LOUISVILLE
The Rebs are making a lot of noise up in the north part of the county, and their defense is the reason. It should carry them past the Red Devils!

Zion Chapel 20 Louisville 8

KINSTON vs. SAMSON
The Bulldogs rolled up 55 points last week in their first win of the season. Oh well, thanks for the memories!

Samson 28 Kinston 6

BRANTLEY vs. LUVERNE
Luverne has been impressive in every game against teams in their own class, and this week they step down a notch. Look out Bulldogs!

Luverne 34 Brantley 6

Boys Urged To Sign Up For

Punt, Pass & Kick

All boys ages 8 - 13 are urged to sign up for Punt, Pass and Kick competition to be held in 2 weeks at Tiger Stadium. The top 3 finishers in each age group will win trophies, and the winners in each

group will advance to the next level of competition.

The local competition will be conducted by the Elba Jaycees, and all boys may sign up at Frank Ashe Ford in Elba.

Coach Wood Reports Dale County Has A Good Team

The Elba Tigers celebrate homecoming this week, and Coach Mack Wood warns the Warriors have a very good team, despite their 1-2 record.

"We've got a film of them," said Wood, "and they look pretty doggone good. Except for Opp, they'll be the best team we'll have faced. They run basic sets, both on offense and defense, and don't do anything fancy - they just do it well! On offense they like to line up in a full-house backfield and run right at you in the air, and they have 2 good receivers and a good quarterback. They have a solid offensive club. On defense they use a split 6, and it will pose us some problems with our blocking. I was real impressed with their defense."

"For us to win," said Coach Wood, "we've got to hold our heads up and not fall flat on our face like we did last year. We have to get a good team effort and get after it on offense, we've got to cut down on our mistakes and improve on our downfield blocking. We've got to get to the basics. On defense,

we've got to regain our confidence and play hard. We haven't been aggressive in the last two games and we got pushed around."

"You'll see some changes on defense," added Wood, "and right now we're working on 3 spots. We're trying to

make our defense stronger, and I think these few personnel changes will help. When you get beat on effort, you have to make changes!"

Looking back to Opp, Coach Wood stated, "Opp had a good game as a team, and did what they planned to do. We had

some good individual effort, but didn't play well as a team. I am real proud of the team for coming back and tying the game near the end, and we had a good effort to pull the game out. We just didn't have good team effort, and with a little more teamwork we would

have had a better chance to win the game. They didn't do anything we didn't expect - we just had poor effort in places. Our preparation was good, our mental attitude was good - all that was lacking was a good team effort. We have to keep our heads up and make things happen."

Coach Wood praised the

play of Bobby Hall, Alan King, Don Horstead, Mason Morrow and Todd Westbrook against Opp, and in closing, said, "We face a tough game this week because we're playing a tough team. We have to keep our heads up and make things happen."

Coach Wood praised the

we've got to regain our confidence and play hard. We haven't been aggressive in the last two games and we got pushed around."

"You'll see some changes on defense," added Wood, "and right now we're working on 3 spots. We're trying to

make our defense stronger, and I think these few personnel changes will help. When you get beat on effort, you have to make changes!"

Looking back to Opp, Coach Wood stated, "Opp had a good game as a team, and did what they planned to do. We had

some good individual effort, but didn't play well as a team. I am real proud of the team for coming back and tying the game near the end, and we had a good effort to pull the game out. We just didn't have good team effort, and with a little more teamwork we would

have had a better chance to win the game. They didn't do anything we didn't expect - we just had poor effort in places. Our preparation was good, our mental attitude was good - all that was lacking was a good team effort. We have to keep our heads up and make things happen."

Jerry McGee Heads Pensacola Open List

Jerry McGee, winner of this year's Greater Hartford and Kemper Opens, headlines the latest roster of touring pros committed for the 50th anniversary of the Pensacola Open, to be held at Perdido Bay Country Club on October 18-21.

Joining McGee, one of only 7 multiple winners on the tour this year, in the chase for the top money in the \$200,000 event will be Bob Murphy, Bob E. Smith, Bob Wynn, Chris Clark, Howard Twitty, Tom Purter, Don Hallderson, Dave Barr and Bobby Baker.

In his 14th year on the tour, McGee has enjoyed his best year ever, and has pushed his career earnings to over \$661,000. Murphy, a former golfer at the University of Florida, is in his 12th season and is nearing the \$1 million mark in earnings. Smith, a

13-year veteran, has 3 top ten finishes and will be in his 10th Kemper Open.

Following are brief sketches of the other early entries:

***Bob Wynn, a 39-year-old pro who has been here 8 times;

***Chris Clark, a rookie out of this year's spring qualifying school who finished in the money in Hawaiian Open and Hall of Fame Classic;

***Howard Twitty, a 6'5" long ball hitter who won this year's B.C. Open;

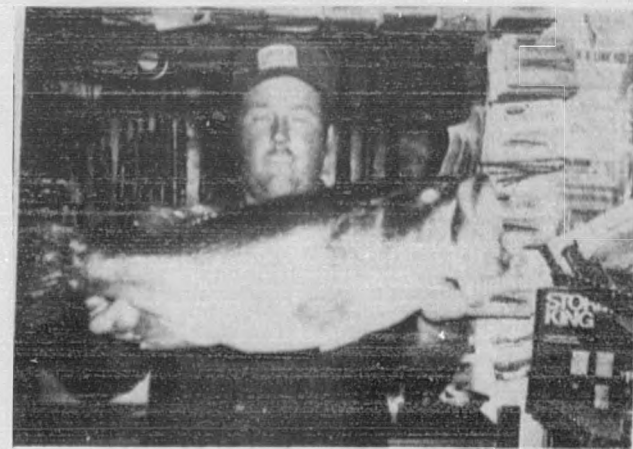

***Tom Purter, a 28-year-old Arizonian who has posted 16 top ten finishes this season;

***Don Hallderson, a tour sophomore enjoying a big season;

***Dave Barr, winner of 5 events on the Canadian tour;

***and, Bobby Baker, a 24-year-old Texan in his first year on the tour.

FISHIN' TIPS

from Tom Mann

MISTER MANN: "I read when you advised fishing for fun fish like largemouth, catfish, and carp. What's the matter with that mean of dogfish? LIKE 'EM RUFF!"

HELLO RUFF: Not a thing. There are times when dogfish, grinnel, lowlin, mudfish, or whatever you call 'em, are all that's hitting. I enjoy fishing this roughneck, even if it is about as good to eat as an old tennis shoe.

HEY TOM: I read where you advocate putting back fish you don't intend to eat. How about giving them to a neighbor and still enjoy catching them? FUN FISHIER.

HELLO FUN FISHIER: Well, nothing wrong with that if the neighbor really enjoys them and doesn't mind cleaning them when

I knock on his door around midnight.

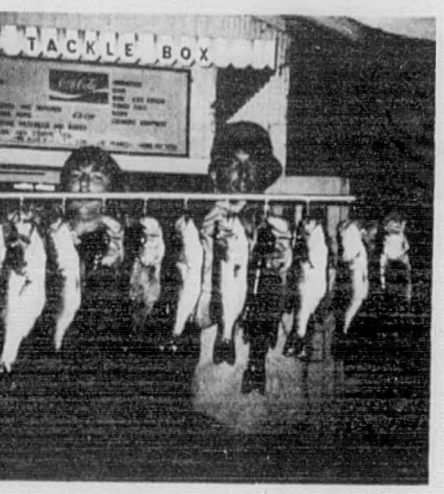

DEAR TOM: "I've got a friend who knows everything and he swears a fish can't smell worth a boat." ARKY.

HELLO ARKY: The heck they can't. Just forget some in a live-well like I did for two days. Talk about smell! But, seriously, fish do have a very keen sense of smell.

MR. MANN: "What's the best color ily worm for the bass in my neck of the woods?" MAINE YANKEE.

HELLO YANKEE: I don't know, it changes with the season. Let the bass tell you by trying various colors until you find the one they want. Always begin with black.

Boating Safety Tips

So you're going fishing. What are the chances that you won't get back? That all depends on you.

Assuring your safety while you're in a boat requires much more than just throwing your safety equipment in your boat and letting it go at that. Assuming your safety requires that you educate yourself in the use of the equipment.

Personal flotation devices, commonly known as life preservers, come in a variety of shapes and sizes. The most common of these used by fishermen is the type III device. This device, approved by the U. S. Coast Guard, is recommended since such a device is generally worn and then if a fisherman happens to fall overboard, he is wearing a life preserver.

Your best safety device is either the jacket or the buoyant vest. These devices are designed to keep you afloat on top of the water, and one should be worn at all times when boating. Buying and wearing one of these devices is much cheaper than a tragedy and perhaps a lifetime of remorse.

All boats propelled wholly or in part by machinery must display the proper running lights. After all, limited visibility doesn't mean just dark. What about being caught out at night also? If you don't have a battery, at least carry a flashlight that contains fresh batteries and is otherwise operational.

If you do have a battery in your boat, remember that the terminals must be covered with a non-conductive material to prevent arcing, and the bat-

tery must be secured to prevent its shifting or turning over.

Since your boat is an open fishing boat, you will not be concerned with ventilation requirements. However, you should know that if you place your gas tank in an enclosed area, you must meet ventilation requirements. A marine dealer or a marine policeman will be glad to answer any questions.

The law doesn't require an open vessel which is outboard powered to have a fire extinguisher, but you are wise if you realize that a six-gallon portable gas tank carries the explosive potential to blow up a city block. An efficient fire extinguisher should be carried on any boat because fire can break out on a 14-foot boat as well as a cabin cruiser.

If your boat is more than 16 feet long, you will need some type of a device that can be heard for at least one half a mile. This horn should be able to make a sustained blast for at least two seconds. This device may be operated by hand, mouth or other source of power. Just check it to make certain it works before leaving the launching spot.

Count pounds not people when determining the capacity of a boat. If your boat is carrying more pounds than it's built to carry, you're asking for trouble. Just because your boat may have three seats, that does not mean that the boat can carry nine passengers safely. Having a motor too large for the size of your boat is also inviting disaster.

When computing the weight of a boat's load, figure 150 pounds per passenger.

New Brockton Gamecocks Score Late To Edge Houston Academy

The New Brockton Gamecocks drove 74-yards in the fourth quarter for its only score of the night and Phil Freese kicked the all important extra-point to lift Brockton to a narrow 7-6 win over the previously unbeaten Houston Academy Raiders, of Dothan.

The win upped Brockton's slate to 4-0, while Houston Academy slipped to 2-1.

Houston Academy received the opening kick, but failed to move and punted to the Gamecocks 42-yardline. New Brockton began a drive toward the Raider endzone and marched to the 15-yardline, only to be stopped a yard short on a crucial 4th down play. The

Raiders took over and began a march that would cover 85-yards in 12 plays, all on the penalty against New Brockton. A pass interference sparked the drive, which climaxed with a 1-yard touchdown and eat up nearly 8-minutes of the game. Terry Medley and Danny Haynes combined to gain 57-yards on the march to paydirt, but it was quarterback Keith Roberts who notched the score on a sneak from 1-yard out. Phil Freese booted the extra-point to put Brockton ahead 7-6 with 6:32 left in the game.

Houston Academy had one last chance late in the game and appeared to be rolling, but Terry Medley intercepted a Raider pass and it was all over as the Gamecocks locked-up a 7-6 win.

Brockton 21-yardline early in the second half and got to the 5-yardline but missed a field-goal attempt as they failed to score. The Gamecocks took over and began a touchdown drive that would take 19-plays and eat up nearly 8-minutes of the game. Terry Medley and Danny Haynes combined to gain 57-yards on the march to paydirt, but it was quarterback Keith Roberts who notched the score on a sneak from 1-yard out. Phil Freese booted the extra-point to put Brockton ahead 7-6 with 6:32 left in the game.

Houston Academy had one last chance late in the game and appeared to be rolling, but Terry Medley intercepted a Raider pass and it was all over as the Gamecocks locked-up a 7-6 win.

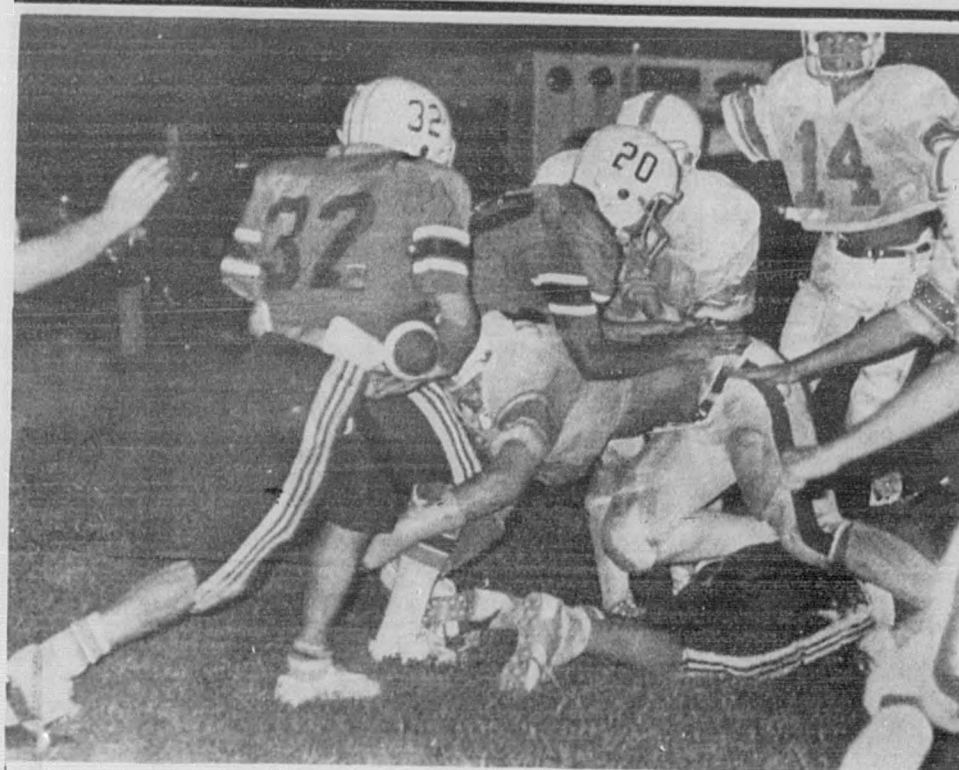

Houston Academy recovered a fumbled punt on the

Danny Haynes rushed for while Terry Medley added 58-59-yards to lead Brockton, yards.

Kinston Bulldogs Blast Freeport

55-31

BY: JIMMY JACOBS

"This was a very pleasing win," stated first year Head Coach Ricky Rainer of the Kinston Bulldogs after his Bulldogs crushed the Bulldogs from Freeport, Florida, by the score of 55 to 31 at Kinston last Friday night.

This was Kinston's first win as they upped their season record to 1-3, with an impressive victory.

"We needed this win to build our confidence, to show our boys that all the hard work they had put in is worth the price of winning," stated Rainer as he heaped praise on his entire Bulldog team.

"I am very pleased with this win, but more for the boys. They showed their faithful followers that they can win and play quality football."

The Bulldogs gave their fans plenty to cheer about as they rolled up 469 yards total offense. Quarterback Barrell Wilkerson led the way via the air route as he completed 10 of 14 passes for 237 yards and 3 TD's. Jeff Rhodes caught 5 of 11 passes for 46 yards and 1 TD. Jimmy Rogers and Larry Hattaway led a host of Kinston running backs that gained 232 yards rushing. Rogers had 117 yards on 16 carries and Hattaway had 99 yards on 6 carries.

Rhodes and Rogers led a staunch defense with an interception each as the Bulldogs' first unit on defense only gave up 13 points to a very talented Freeport squad.

"This was our first win and it gave us a chance to play some people and try some different things," Rainer said. By the fourth quarter, Rainer had played everyone that had dressed out for the game.

"We still make some mistakes on both offense and defense, but not as many as first; they

will go away as our team matures together."

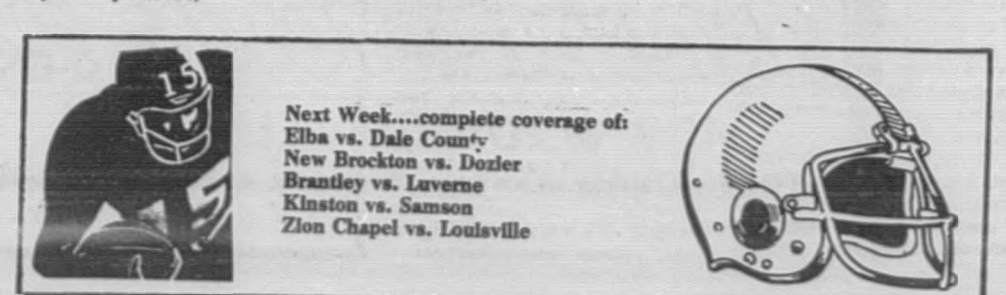

Freeport had a very talented team with exceptional athletes at skilled positions. Coach Rainer said he was very

impressed with the Bulldogs from Florida coaching staff and players. "They made us do things early in the game that we did not want to do, but we have a good group of boys and we could adjust and make them play our game."

The Bulldogs are home tomorrow night (Friday) against the Samson Tigers. Kick-off time is at 7:30 p.m.

Zion Chapel Rebels March Past Long 28-0

The Zion Chapel Rebels continued their march toward the Class A football playoffs last week by rolling over Long High 28-0, in Skipperville.

The Rebels now own a 3-0 record, while Long High's slate dips to 2-2.

Both teams came out playing good, hardnosed football and neither squad could muster a serious scoring threat. However, the Rebels began to get their offense on track in the second stanza and scored 21-points to grab a 21-0 halftime lead.

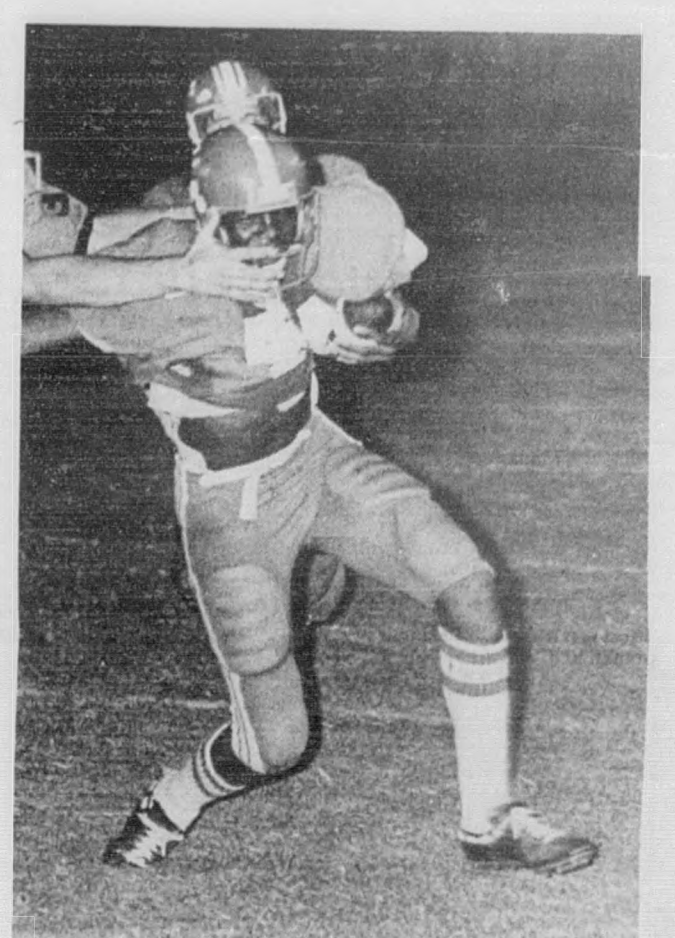

Zion Chapel's first score was set-up by a fumble recovery at the Long 25-yardline, and came on a 3-yard burst by Herman McClain. Boyd Deal added the extra-point to give the Rebs a 7-0 lead with 9:19 left in the half.

Zion upped its lead to 14-0 with 6:25 left in the quarter when Walter Adair scampered in from 5-yards out. Deal again added the extra-point. The second Rebel tally was set-up when Long had a bad snap on an attempted punt, giving Zion Chapel the ball deep in Long territory.

Coach David Collins' Rebels managed one last score before the half on a 5-yard run by Walter Adair with only 31-seconds left in the period, and following Boyd Deal's third extra-point it was all over but the shouting as Zion Chapel took a 21-0 bulge.

The Rebels added some insurance in the third quarter when Tony Calhoun led a 10-yard touchdown pass to Byron Foley, and Deal's p.a.t. wrapped-up the scoring as the Rebs locked-up a 28-0 win.

The Rebels' offense rolled up 10 first downs in the game, and had 184-yards rushing to go along with 10-yards passing. Walter Adair had 91-yards in 15 carries to pace the Rebel offense, while Mike Carney and Tommy McClain added big yardage. On

Zion Chapel's Walter Adair (44) scored two touchdowns in the Rebel's 28-0 win over Long. (Photo by Jimmy Jacobs).

defense, the Rebs were paced by Cecil Acreman (13 tackles), Tommy McClain (11 tackles) and Chris Sanders (10 tackles). The ZC defense held highly touted Andrew Perryman to 35-yards in 10 carries.

Red Level Stuns Brantley 22-20

BY: B. W. WILLIAMSON

The Red Level Tigers took advantage of two Brantley mistakes in the fourth quarter to score 16-points and slipped past the Bulldogs 22-20, in Brantley.

The loss dropped Brantley's record to 1-3, while Red Level evened its slate at 2-2.

The first quarter was scoreless, but was full of action, with both teams having a hard time holding on to the ball. Red Level lost two fumbles that stopped drives, while Brantley lost a fumble during the drives initial play, but two straight losses left the Dogs facing a third down and 19 situation. Terry Pease passed to Dwight Pitts for a 39-yard gain to keep the drive alive, and on the next play quarterback Mark Hill scampered 25-yards for a touchdown. Jay Jay Foster added the extra-point to give Brantley a 7-0 lead.

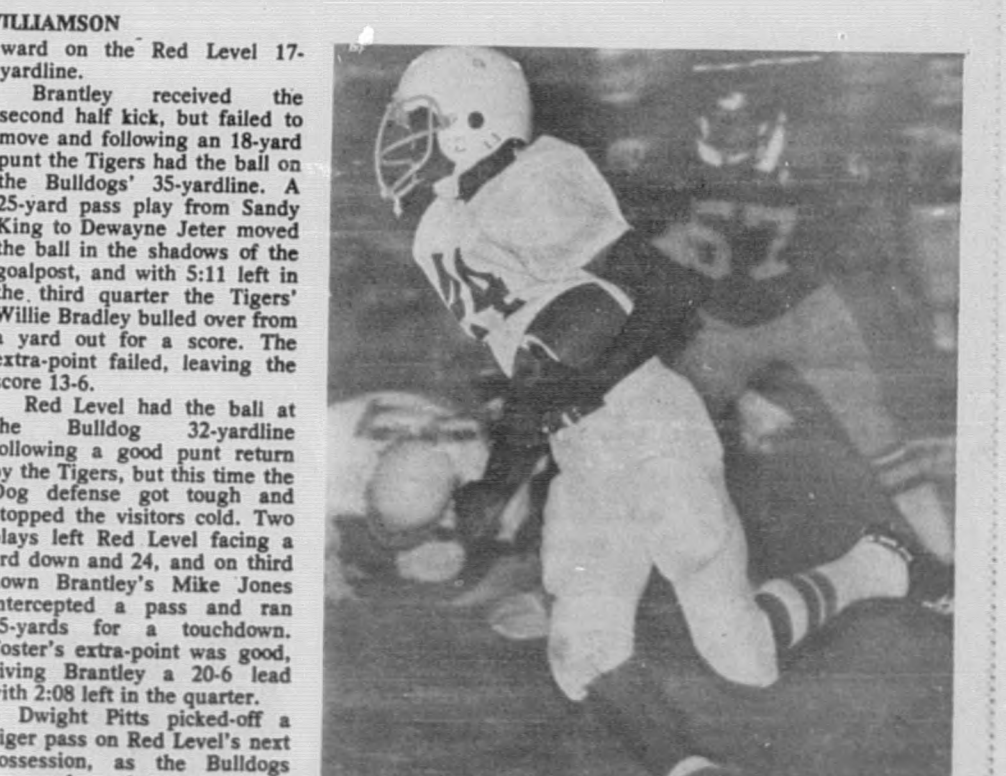

Red Level came out passing on their next drive, but a Brantley defender intercepted a Tiger serial to put the Bulldogs back in business at the Red Level 41-yardline. One play later, Terry Pease broke loose and scooted 37-yards to paydirt to up the Bulldogs' lead to 13-0. A bad snap foiled the p.a.t. attempt, but Brantley had the lead 13-0. David Tidwell picked-off a Red Level pass late in the half to give Brantley another scoring opportunity, but time ran out with the Dogs moving goal-

ward on the Red Level 17-yardline.

Brantley received the second half kick, but failed to move and following an 18-yard punt the Tigers had the ball on the Bulldogs' 35-yardline. A 25-yard pass play from Sandy King to Dewayne Jeter moved the ball in the shadows of the goalpost, and with 5:11 left in the third quarter, the Tigers' Willie Bradley bulled over from a yard out for a score. The extra-point failed, leaving the score 13-6.

Red Level had the ball at the Bulldog 32-yardline following a good punt return by the Tigers, but this time the Dogs defense got tough and stopped the visitors cold. Two plays later Red Level facing a 3rd down and 24, and on third down Brantley's Mike Jones intercepted a pass and ran 55-yards for a touchdown. Foster's extra-point was good, giving Brantley a 20-6 lead with 2:08 left in the quarter.

Dwight Pitts picked-off a Tiger pass on Red Level's next possession, as the Bulldogs appeared ready to turn the game into a rout. Brantley marched down to the Tigers' 13-yardline, but on a big 4th down and play, Brantley's defense stopped short, ending the threat. Brantley's Terry Pease intercepted a Tiger pass to put the Dogs back in business. Brantley couldn't move the ball, however, and Red Level got the ball back, only to fumble one play later and see Brantley's Ricky Hall recover. The Dogs again failed to move, and on fourth down the

Brantley punter fumbled the snap to turn the slippery pickin' back over to the Tigers. Sandy King passed to Tony Ingram for a big gain that carried deep into Brantley territory, and 3 plays later Ingram scored from 3 yards out on a touchdown. King passed to Jeter on the two-point conversion, and with 4:58 left stopped, but the ref's ruled the conversion good and Red Level had the win 22-20.

Junior Class Selling Magazines

BY VICKIE ELLISON

These past two weeks have been very busy for the Juniors at Zion Chapel. It was magazine time

again! The Junior Class was divided into two homerooms each having the goal of \$1,800.81. That made the

Junior Class goal \$3,781.81. The money received from the magazine sales is for the Junior-Senior Prom.

Friday, Aug. 31st, started the magazine sales, with Sept. 4th designated top salesman day. Melanie Sanders was the winner of the prize (a giant Snoopy Dog) selling 27 magazines, totaling \$316.

Tuesday, Sept. 18th, was the last day to turn in money for magazines. Homeroom B went over their goal with a total of \$2,225.00. Homeroom A had a total of \$1,500.00. All together the Jr. Class had \$3,725.00.

The top salesman was Melanie Sanders, selling 41 magazines. She received an 8-Track Tape Player. Second was Bobby Joe Turner, who sold 19 magazines. He received an Atari T.V. game. Robert Waters was third selling 18 magazines, and he received an Instantaneous Camera. The other salesmen received prizes such as keychains, mugs, candy bars, and records.

The salesmen for the magazine sales were Sandra Mobley, Mark Sanders, Pam Gatlin, Vickie Ellison, Tony Calhoun, Larry McVaters, and Melanie Sanders.

Junior Team Wants More Practice

BY TONY CALHOUN AND BOYD DEAL
The Zion Chapel Junior team opened their season Tuesday night, Sept. 18, 1979. They played a doubleheader at Brantley; the Bulldogs won by the score of 30 to 0.

The Zion Chapel Rebels are working toward doing better during the rest of the season. They only had two days of practice before the first ball game.

They have a good coaching staff. Head coach is Charles Smith and assistant coaches are David Collins, Jeff Kelley, and Larry Doster.

Agri-business Is Popular Course At Z.C.

BY DONNA RUGG AND SHERRY WHITE

Zion Chapel's Agriculture Department has a new look this year. In addition to the new equipment, we have a new face. Mr. Harold Stewart.

Mr. Stewart taught at Louisville for the past ten years before coming to Zion Chapel. He is married and has two children attending Zion Chapel; a daughter, Janet, in the seventh grade, and a son, Michael, in the first grade.

There are eighty-five students enrolled in five classes of Agribusiness this year. Several areas to be taught are: Crop and Livestock Production, Electricity, Woodworking, Small Engines, Plumbing, and Career Guidance. There will also be a Supervised Practice Program in which project work will be done at home with Ag. related business.

Some much-needed equipment has also been added to the department this year including: a table saw, an air compressor, some portable power tools, and some hand-

woodworking and mechanic tools. Others have been ordered and should arrive as the year progresses. Having these tools has enabled the students to begin work on bookcases, magazine racks, tool cabinets, and other items necessary for a successful Agribusiness Program.

Besides being in charge of the Agribusiness Department, Mr. Stewart is also the sponsor of the popular youth organization, the Future Farmers of America or the FFA as it is commonly called. Officers for the Zion Chapel Chapter are President-Mitch Maddox; Vice-President-Ricky Dorman; Secretary-Donnie Davis; Treasurer-Scott Costner; Reporter-Luke Maddox; and Sentinel-Willie Beas. Under the leadership of President Maddox, the club plans regular meetings each month.

During each meeting the membership will plan for contest participation, conduct business sessions, and possibly several others.

Active members of the FFA are eligible to take part in a wide variety of contest and award programs. Presently, the Zion Chapel FFA members are planning to enter land judging, livestock judging, dairy judging, public speaking, and possibly several others.

Established farmers and food processors will welcome these young future farmers into a profession that enables the American consumer to spend the lowest percent of their income for food of any citizenry in the world.

Season Opens For Little League Football

BY TONY CALHOUN AND BOYD DEAL

The Termites of Zion Chapel opened their season on Sept. 8th with Kinston, and won 8-0. Roland Bell scored the TD. They are coached by Eldon Hill and Edsel Stone.

The Opp Blue Devils defeated the Termites of Zion Chapel with the score 8-0.

The Pee Wees of Zion Chapel are coached by Steve Worthington. They have 19 players and are doing well. They are expected to do well all season.

They have defeated Kinston and Opp and are host of the Golden Rams Saturday night at Eldon Hill and Edsel Stone.

The 630s are limited from 8 years of age to the end of the year in the Pee Wee 11 to 14.

Some much-needed equipment has also been added to the department this year including: a table saw, an air compressor, some portable power tools, and some hand-

woodworking and mechanic tools. Others have been ordered and should arrive as the year progresses. Having these tools has enabled the students to begin work on bookcases, magazine racks, tool cabinets, and other items necessary for a successful Agribusiness Program.

Football Players Attend Camp

Four of Zion Chapel's starting football players attended a football camp at Florida State from July 29-Aug. 1. They were Tony Calhoun, Byron Foley, Ricky Dorman, and Andy Cape. The first day David Collins made the trip to the camp. Head coach with the Zion Chapel players. All four stated they learned a lot and will use it in the coming year.

Football captains for Clio were Tony Calhoun, Jim Little, Leslie Husey, and Tommy McClain who was also a captain for the Skipperville game. Other captains for this team were Mike Carney, Andy Cape, and Mike Ammons.

Behind The Scene Football

When the last second ticks off the clock the Zion Chapel Rebels begin preparation for their next game. A great deal had to take place in preparing for a game. On Saturday after the game, our coach takes the film from the game to Mont-gomery and has it developed. As he first views the film he grades each player. Then on Monday before practice, the whole team goes to the film room for what we call a "chalk talk". Coach writes on the black board some of the plays we need special work on, and sometimes he puts in a new play or two. As we watch the film and talk about the next team, he points out changes we need to make in our performances.

When we go on the practice field, all these improvements get put into motion. When you see us on the field on Friday nights you know Zion Chapel is ready to play ball!

One of the diseases discussed in the book is respiratory distress syndrome, often found in premature babies. Infants born before their lungs are sufficiently developed frequently lack a substance that prevents collapse at the end of each exhalation of the small air sacs where oxygen and carbon dioxide are exchanged. Although the disease can be fatal, some progress is being made in understanding it.

Unexplained crib deaths, or "sudden infant death syndrome," also covered in the book, is one of the most tragic causes of death in early infancy. A child, seemingly well, can be found dead in the crib with no apparent reason. The child is almost always two to four months old. The condition seldom occurs after the age of six months. Affecting boys more than girls, seen less often in summer, sudden infant death syndrome is still mysterious, although it may be caused by some abnormality in breathing.

Among the children who escape these early dangers," says the book, "there are about 103 million cases of respiratory disease annually in youngsters below the age of 17 years—about one in half illnesses per child per year."

Of the severe lung diseases in childhood, asthma is one of the most common. In this country there may be as many as 6 million asthmatics—one-third of them under 17 years of age," says the book.

All socio-economic classes are involved, but the severity of illness may be greater among the poor. Before adolescence, more boys than girls are afflicted."

For more information write to The Alabama Lung Association, THE CHRISTMAS SEAL, PEOPLE, P. O. Box 904, Dothan, AL 36302.

NEWS FROM ALABAMA LUNG

BREATHING BETTER TIPS "LUNG DISEASES OF CHILDREN"

Most of the disability and death in children is the result of respiratory disease, according to a new book, "Lung Diseases of Children," just published by the American Lung Association, the Christian Lung Association, the Christ-mas Seal organization.

Episodes of lung disease account for more hospitalizations, more time lost from school or play and more disruption of family activity than illness involving any other organ, says the book.

"Lung Diseases of Children" is available from local American Lung Associations. Written for the general public as well as health professionals and individuals working with children, the volume is published with funds contributed to Christmas Seal.

One of the diseases discussed in the book is respiratory distress syndrome, often found in premature babies. Infants born before their lungs are sufficiently developed frequently lack a substance that prevents collapse at the end of each exhalation of the small air sacs where oxygen and carbon dioxide are exchanged. Although the disease can be fatal, some progress is being made in understanding it.

Unexplained crib deaths, or "sudden infant death syndrome," also covered in the book, is one of the most tragic causes of death in early infancy. A child, seemingly well, can be found dead in the crib with no apparent reason. The child is almost always two to four months old. The condition seldom occurs after the age of six months. Affecting boys more than girls, seen less often in summer, sudden infant death syndrome is still mysterious, although it may be caused by some abnormality in breathing.

Among the children who escape these early dangers," says the book, "there are about 103 million cases of respiratory disease annually in youngsters below the age of 17 years—about one in half illnesses per child per year."

Of the severe lung diseases in childhood, asthma is one of the most common. In this country there may be as many as 6 million asthmatics—one-third of them under 17 years of age," says the book.

All socio-economic classes are involved, but the severity of illness may be greater among the poor. Before adolescence, more boys than girls are afflicted."

For more information write to The Alabama Lung Association, THE CHRISTMAS SEAL, PEOPLE, P. O. Box 904, Dothan, AL 36302.

LEGAL NOTICE

ESTATE OF CLAUDE NEWTON GRANT DECEASED
PROBATE COURT OF COFFEE COUNTY - ELBA DIVISION

Letters Testamentary on the estate of said deceased having been granted to the undersigned on the 11th day of September, 1979, by the Hon. James L. Sawyer, Judge of the Probate Court of Coffee County, notice is hereby given that all persons having claims against said estate are hereby required to present the same within the time allowed by law or the same will be barred.
